

t 12.8 TREADMILL

FMTL70814

FEATURES & BENEFITS

18.5" FULL-COLOR HIGH-DEFINITION TOUCHSCREEN TV

Browse Facebook, access Google Maps™, and watch YouTube all while working out. Our 18.5-inch touch TV has it all loaded and ready to go. Simply plug in your headphones when you're ready to listen in on your favorite shows. This web-enabled console has a built-in TV tuner with analog and digital signals. Charge your devices via the USB port. Then, access all your key workout stats like speed, time, incline, distance, calories, calories per hour, and heart rate, as well as a speed chart, incline chart, and heart rate chart.

5.0 HP AC COMMERCIAL DRIVE SYSTEM › This high torque, brushless 5.0 HP motor is dynamically spin-balanced and extensively tested for superior performance in vibration and noise—making it the performance motor of choice.

0 – 20% QUICK INCLINE™ › Unlike other commercial treadmills, the t12.8 can adjust to an impressive 20 percent incline—turning up the intensity for any club workout.

0 – 15 MPH QUICKSPEED® › Accelerate your training with QuickSpeed® controls. Boost your speed incrementally up to 15 mph and get the intensity you need for any performance workout.

HANDS-ON CONTROLS › Adjust your speed and incline with the touch of a button while maintaining stability throughout your workout with these integrated ergonomic handles.

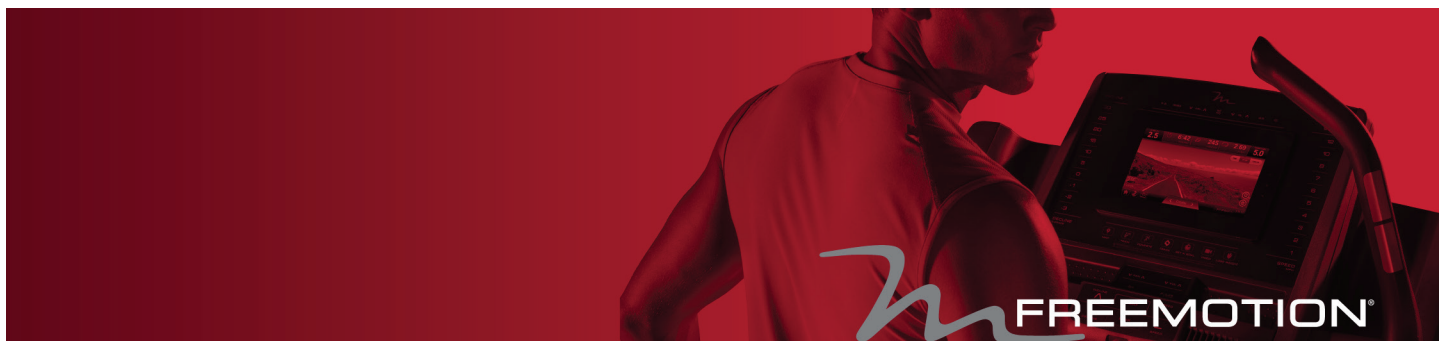

DOUBLE-SIDED DECK CUSHIONING › This two-sided deck cushioning system features built-in isolators designed to reduce the impact of each step and create a workout that's easy on the joints.
